NEW BUSINESS

1. Resolution 533-Rendezvous Stairs- Reading by Senator Perry. Senator Thayer had a concern about the logo fitting in with the current décor of Rendezvous. He also wondered about the durability of this. Senator Smith noted that they would be made out of the same material that the paws leading to campus are made of. Senator Johnson echoed Senator Thayer’s concerns. Senator Perry noted they are trying to push it as more than just an Athletics logo. He thinks that it is an ISU logo and should be able to fit anywhere on campus. Senator Pitcock noted that it would be placed on the kick plate of the stairs. Senator Thayer noted that the paw prints on the road are burned onto the street by torches, so he isn’t sure how they would use the same material indoors. MOVE TO APPROVE RESOLUTION 533.

He doesn't know how well these resolutions will hold up in these committees since they were not unanimously approved. He thinks the bigger issue at hand is determining which images should represent the university.
