Online Election Information Page

ASISU will maintain a web page containing voting information and candidate information. Please provide substantive information regarding your campaign that will help ISU students understand your position on issues that affect them. Your answers should be about 100 words per question. E-mail your completed answers to isu.elections@gmail.com with the subject line of your name and position sought. Executive tickets may complete one form together if they choose. Hard copies will not be accepted. You may send a picture as an attachment if you would like one posted with your answers on the election website.

What position are you running for and why?

What issues affecting ISU are most important to you? Why?

Realistically, what do you hope to accomplish if you are elected to this position?

Please share any other information you would like ISU students to know about your candidacy.
