Top Ten Best Jobs of 2015

- Dentist
- Nurse Practitioner
- Software Developer
- Physician
- Dental Hygienist
- Physical Therapist
- Computer Systems Analyst
- Information Security Analyst
- Registered Nurse
- Physician Assistant

Compiled From US News and World Report
Top Ten Best Jobs of 2015

- Nurse Practitioner at #2 (expected openings are 37,000)
- Registered Nurse at #9 (expected openings are 527,000)
- Where are all the nurse faculty going to meet this need?
- National Trends in Nursing – Have streamlined, high-quality curriculum so individuals can complete undergraduate degrees in 4 years and enter job market.
- Less on-campus courses so individuals can maintain family/work/environment/student balance and recruit wide audience.
- Grow your own.
- Prevent additional student tuition by not needing additional semesters.

- Pilot Grant and Faculty Development opportunities
  - ICHR will circulate emails, contact with questions 282-4177
- Statistical Support
  - Rick Tivis and U of I Graduate Students
  - Natalie Riewerts is the contact at 208-373-1769 or riewnata@isu.edu
Faculty and Staff Surveys
#10 Research consultant to bounce ideas off of
#11 Writer editor

[Bar chart showing the distribution of responses to the need for a writer editor, with categories ranging from 'critically needed' to 'not needed at all'.]
#12 Literature search help
#13 Statistician to design study
#14 Statistician to run and help interpret the data
#15 Collaborator

![Bar Chart]

- Critically needed
- Very needed
- Neither needed or not needed
- Not needed
- Not needed at all
DHS Updates

- SCORE SM Program
- BS in Health Science general concentration
Accomplishments

- Case based discussions added to basic science course
- Equipped A & P lab in Meridian. Working on staffing
- Analyzed clinic revenue streams: Are clinics financially supporting academic programs or vice versa?
- Development of DHS recognized by NWCCU
New Initiatives

● Clinical Rotations Committee
  - Improve efficiencies; expand inter-professional activities
  - Need reps from School of Nursing, Kasiska School of Health Professions, Physician Assistant Studies, and Dental Hygiene

● Enrollment management at the program level.

● New policies:
  ● Professionalism
DHS Spring 2015 Goals

- Increase/stabilize enrollment
- Increase inter-professional activities for students
- Increase accessibility of web courses and sites
- Seek *Quality Matters* endorsement of web courses
- Stay current with *Activity Insight*
DHS Important Dates to Remember for Spring 2015
First Friday Meetings

- February 6th: Activity Insight Refresher presented by Vince Miller and Lorie Chatfield, Institutional Research
- March 6th: Quality Matters presented by Lisa Kidder, ITRC
- Suggestions for April and May
Final words. . .

- Never accept the status quo:
  - If things are going badly, fix them
  - If things are going well, make them even better!

- Please patronize our own clinics!
  - Go Bengal Pharmacy!
