NEW FRESHMEN (200-299)

OIR-200: New freshmen by gender and ethnicity.................................................................159
OIR-210: New freshmen by college and full/part-time status, and gender..............................160
OIR-220: New freshmen by Idaho county of origin, gender and ethnicity...............................161
OIR-230: New freshmen by state of residence, gender, and ethnicity....................................167
OIR-240: New freshmen by country of residence and gender...............................................170
OIR-250: New freshmen by college, self-declared major, and full/part-time status....................171
OIR-252: New freshmen with ACT scores in each percentile..............................................175
OIR-255A: Percent of new freshman ACT scores by score range........................................185
*OIR-255A1: Percent of new freshman ACT scores: Breakdown for Barons Profile of American College Survey.................................................................
OIR-255B: Percent of new freshman SAT scores by score range.........................................186
OIR-255C: Percent of new freshman with SAT scores in each range....................................187
OIR-260A: Average ACT scores for new freshmen...............................................................188
OIR-260B: Average ACT score for new freshmen by ethnicity.............................................189
OIR-260C: Average ACT score for new freshmen by gender...............................................190
OIR-280A: Percent of new freshmen with high school class ranks in selected ranges..............191
OIR-280B: Percent of new freshmen with overall high school GPA in selected ranges............192
OIR-280C: Percent of new freshmen with core high school GPA in selected ranges...............193
OIR-280D: Percent of new freshman with overall high school GPA in the following ranges. New CDS breakdown.................................................................194
OIR-280E: Average high school GPA of all degree seeking first time, new freshman..............195
OIR-285: Average and median age of new freshmen...........................................................196
OIR-290: Attempted hours among new freshmen...............................................................197
OIR-295: Average and median credits among new freshmen............................................198

GRADUATE STUDENTS (300-399)

OIR-300: Total graduate school enrollment.................................................................199
OIR-305: New graduate students by gender and ethnicity.............................................200
OIR-310A: New graduate students by gender, ethnicity, and class level..........................201
OIR-310B: Professional development students by ethnicity, gender, and class level (397, 597)....202
OIR-320: New graduate students by college, classification and full/part-time status...........203
OIR-350: New graduate students by country of residence, gender and classification...........205
OIR-360: New graduate students by college, self-declared major, and full/part-time status.....206
OIR-370: New graduate student transfers by college, self-declared major, and full/part-time status.............................................................................................................212
OIR-380: Average GRE scores for new graduate students................................................214
OIR-380A: Average GRE scores for new graduate students by college..............................215
OIR-385: Average GMAT score and percentiles for new graduate students......................216
OIR-385A: Average GMAT score and percentiles for new graduate students by college.......217
OIR-390A: Attempted hours among new graduate students.............................................218
OIR-390B: Average and median credits among new graduate students...........................219
OIR-395: Average and median age of new graduate students...........................................220

UNDERGRADUATE TRANSFERS (400-499)

OIR-400: New undergraduate transfer students by ethnicity and gender..........................221
OIR-405: New undergraduate transfer students by entering level and gender......................222
OIR-410A: New undergraduate transfer students from other Idaho colleges/universities........223
OIR-410B: New undergraduate transfer students from colleges/universities outside of Idaho....224
OIR-410C: New transfer students from other Idaho colleges/universities by level and gender.....227
OIR-410D: New transfer students from colleges/universities outside of Idaho by level and
Gender......................................................................................................................................228
OIR-420A: New junior level undergraduate transfer students from other Idaho
colleges/universities.......................................................................................................................229
OIR-420B: New junior level undergraduate transfer students from colleges/universities outside
of Idaho......................................................................................................................................230
OIR-430A: New undergraduate transfer students by state of origin.........................................231
OIR-430B: New junior level undergraduate transfer students by state of origin.......................232
OIR-435A: New undergraduate transfer students by country of origin.....................................233
OIR-435B: New junior level undergraduate transfer students by country of origin....................234
OIR-440: New undergraduate transfer students by college, self-declared major, and
full/part-time status.......................................................................................................................235
OIR-445: Attempted hours among new undergraduate transfer students..................................240
OIR-450: Average and median credits among new undergraduate transfer students..................241
OIR-460: Average and median transfer GPA for New undergraduate transfer students..............242
OIR-465: Average and median age among new undergraduate transfer students......................243

NEW TECHNOLOGY STUDENTS (500-599)

OIR-500: New College of Technology Students by gender and ethnicity...............................244
OIR-510: New College of Technology students by full/part-time status, and gender..................245
OIR-520: New College of Technology Students by Idaho county of origin, gender
and ethnicity.................................................................................................................................246
OIR-530: New College of Technology students by state of residence, gender and ethnicity........249
OIR-540: New Technology students by country of residence and gender.................................252
OIR-550: New College of Technology students by self-declared major and
full/part-time status......................................................................................................................253
OIR-560: New College of Technology students with high school class ranks in the
following ranges............................................................................................................................255

Last updated 7/28/2008 - 5 -
OIR-570: New College of Technology students with overall high school GPA in the following ranges…………………………………………………………………………256
OIR-575: Percent of New College of Technology students with core high school GPA in the following ranges…………………………………………………………………………257
OIR-580: Average and median age of new College of Technology students………………………….258
OIR-585: Attempted credit hours among new College of Technology students……………………259
OIR-590: Average and median credit hours among new College of Technology students….....260

FTE STUDENTS (600-699)

OIR-600: FTE students by college, program and level……………………………………………261
OIR-610: FTE students by level……………………………………………………………………275

CLASS SIZE (700-799)

OIR-700: Number of organized undergraduate class sections by size and location………………276
OIR-710: Number of organized undergraduate class sections by location, college, and size……..277
OIR-720: Average class size for organized undergraduate course section…………………………282
OIR-730: Average class size for organized undergraduate by course sections by college………..283
OIR-740: Number of organized undergraduate class sections by size and location
—Common Data Set (CDS) groupings……………………………………………………………284
OIR-750: Number of undergraduate lab sections by size and location
—Common Data Set (CDS) groupings……………………………………………………………..285

DEGREES AWARDED (800-899)

OIR-800: Degrees awarded by cip code and ethnicity…………………………………………….373
OIR-805: Degrees awarded by college, program, ethnicity and gender…………………………….394
OIR-810: Associate’s degrees awarded by college, program, ethnicity and gender………………..417
OIR-820: Baccalaureate degrees awarded by college, program, ethnicity and gender……………..421
OIR-830: Master’s degrees awarded by college, program, ethnicity and gender.........................432
OIR-840: Doctoral degrees awarded by college, program, ethnicity and gender.........................437
OIR-850: Professional degrees awarded by college, program, ethnicity and gender..................439
OIR-860: All other degrees and certificates awarded by college, program, ethnicity and gender..440
OIR-870: Degrees and certificates awarded by college and level ..................................................445
