Kasiska College of Health Professions

Annual Report
2001-2002
Dear Colleagues,

The 2000-2001 academic year was a year of contrasts for I.S.U. It was a year of celebration to mark our 100th anniversary as an institution of higher education, and it was a year of significant financial stresses due to shortfall in State general fund revenues. The monetary blessings that came our way during the Spring, 2001 were largely taken back in light of state budget holdbacks and cutbacks. Budget sheets printed in July 2002 reflect significant trimmings. Four of our senior faculty retired this year (Arthur Lloyd, Carole Kawamura, Grace Jacobson and Barry Griffing); none were replaced.

Despite the grim financial picture, the Dental Hygiene faculty proved once again that they really know how to party by organizing the first all class reunion as part of the I.S.U. Centennial Celebration. Fortunately, the funds allocated for new digital radiology equipment were encumbered in time to avoid the cutbacks. We will be able to train our Radiographic Technology students on state of the art equipment. Expansion funds for Boise also remained available. In order to accommodate program growth in Boise, ISU moved to a new facility and hired a fulltime onsite academic administrator. Robin Dodson assumed the position of Chief Academic Officer in July, 2001. We now have resident faculty in Dietetics and Counseling and three new Nursing faculty in Boise. Growth in the nursing faculty in Boise is our response to the critical shortage of nurses in the Treasure Valley. We implemented a “fast track™” nursing program targeting individuals already possessing baccalaureate degrees who seek nursing careers. Growth in nursing occurred in southeastern Idaho this year as well. The nurses made their MSN degree available to BSN nurses practicing in Idaho Falls and the surrounding area.

The 2001-2002 also witnessed acceptance of students to our upgraded academic programs. Physician Assistant program admitted its first class entry level Master’s degree and Physical Therapy accepted students pursuing a doctorate in physical therapy. The doctorate in Audiology mandated by their professional organization moved one step closer to approval when it was approved by Graduate council. It now moves on through the SBOE.

The Institute of Rural Health grew dramatically this year largely, but not solely due to federal funds directed toward Telehealth Idaho. We welcomed Dr. Neill Piland who has come on board to direct the Institute together with Beth Stamm who assumed the Deputy Director Position. The Institute expanded their Boise staffing and operation significantly this year in addition to expansion in Pocatello.

Student recruitment is an ongoing issue in the college and is challenged further by the fee increase enacted this year to compensate, in part for state funding cutbacks. Perusal of the data contained in this year’s report demonstrates that our graduates continue to perform well on professional exams and in large numbers continue to remain in Idaho upon graduation. Their success is due largely to our dedicated faculty who maintained momentum and focus despite tough financial times.

Together we have been able to steer a solid course during troubled times.

Sincerely,

Linda C. Hatzenbuehler, Ph.D.
Dean

Kasiska College of Health Professions  
Clinic Operations - 2001-2002 Annual Report

Communication Sciences  
During the 2001-2002 academic year, 732 clients were seen in the audiology clinic. Hearing evaluations, ABR, ENG and impedance clinics were used to exam 250 children, while 482 adults participated in hearing evaluations, ABR and ENG examinations.

The speech language clinic provided therapy for 141 clients, 118 children and 23 adults. There were 55 clients for diagnostics, 29 children, and 26 adults. $51,385 was generated from the Speech Pathology and Audiology clinics during 2001-2002. $36,895 was generated from the VA Audiology clinics during 2001-2002.

Hearing and Speech screenings were held at the Pocatello School District Head Start Program, Southeast Idaho School Districts, health care facilities, local Health Fairs and the ISU Health Fair, ISU Preschool and the Pocatello FBI Offices.

Counseling  
During the 2001-2002 academic year, a total of 2 couples and 4 families was seen in the Family Education and Counseling Center clinics. The two clinics had a combined income of $220.

Dental Hygiene  
During the 2001-2002 academic year, a total of 1220 patients was seen in the preventive clinic. Of that number, 120 were children. A total of 456 pit and fissure sealants was placed and 265 full series radiographs were taken. In the expanded functions clinic, a total of 577 amalgam surfaces were placed and 397 composite surfaces were placed. The combined clinic revenue for preventive and expanded clinic was $35,326 for the academic year.

Clinic Sites - ISU Dental Hygiene Clinic and Not-Tsoo-Gah-Nee Indian Health Center  
Preceptors at Extramural sites - One dental hygienist and three dentists

Dental Sciences  
During the 2001-2001 academic year, a total of 946 patients were seen at the Pocatello Family Dentistry Clinic. The total revenue for clinic services was $409,089. The Resident Dentist also provided dental services through rural rotations at the Not-Tsoo-Gah-Nee Indian Health Center, Terreton and Preston.

Family Medicine  
During the 2001-2002 academic year, a total of 15,274 visits was made in the clinic. Of that number, 27.5% were Medicaid and 26.5% were Medicare. The clinic had gross charges of $1,433,090 for the academic year.

Nursing - Senior Health Promotion Clinic  
During the 2001-2002 Academic year, a total of 286 consultations/visits was made with patients in the clinic. Of the number, 20 were new clients and 266 were return visits. Services performed included: 282 foot care; 4 health assessments; 0 social work counseling; 4 medications to indigent patients; 0 phone consultations; 102 other services; 13 referrals.

Physical and Occupational Therapy  
During the calendar year August 2001-July 2002 a total of 127 patients was seen in the clinic. The total revenue for clinic services was $9,528.00.
Faculty

Chair and Associate Professor: Anthony Seikel  
Professors: Barbara Bain, Thomas Longhurst, Ron Schow, David Sorensen  
Associate Professors: Kathleen Kangas, David Mercaldo, Audrey Weston  
Clinical Associate Professors: JoNell Batte', Phyllis Boysen, Randy Bishop, Jeff Brockett, Jane Coe Smith, Barry Griffing, Lorrie Kline, Brenda Malepeai, Sherry Peck-Hinojosa, Debra Towsley, Janene Willer  
Educational Interpreter/Clinical Instructor: Janelle Bullock, Emily Turner  
Sign Language Instructors: Janet Moses, Donna Wesen

Departmental Mission Statement

The missions of the department (which encompasses programs in audiology, education of the hearing impaired, sign interpretation and speech-language pathology) are:

1. To educate clinicians, teachers and interpreters to serve children and adults with communicative disorders. Individuals will be educated in an environment in which excellence is expected and provided by both faculty and students.

2. To contribute to the knowledge in our profession and to incorporate existing and new knowledge into the clinical and academic education of our students.

3. To provide quality services to our local, regional, national and international communities. The clinical education of our students includes a commitment to provide the best possible clinical services to our clients.

All activities of the department, academic teaching, clinical teaching, research and public service, are provided in a manner consistent with the highest principles of ethical standards.

Committee Membership

Department

Undergraduate Curriculum Review (Bain, Brockett, Smith, Towsley)  
Seminar Committee (Bain, Hamilton)  
Written Comprehension Exam (Bain, Loftin, Malepeai, Mercaldo, Seikel, Sorensen, Weston, Willer)  
Efficiency Committee (Bain, Loftin, Schow, Weston)  
Orals Committee (Batte')  
Admissions Committee (Bishop, Boysen, Hamilton, Kangas, Longhurst, Malepeai, Schow)  
Search Committee (Bishop, Weston, Willer)  
New Certification Standards Committee (Bishop, Seikel)  
Revising Forms Committee (Bishop)  
Billing Issues Committee (Bishop)  
Cochlear Implant Clinic Committee (Bishop)  
Student Affairs (Boysen, Smith)  
ASHA Standards Committee (Boysen, Malepeai, Schow, Seikel, Sorensen)  
Technology Committee (Brockett)  
ISSI Committee (Brockett, Bullock, Turner)  
Graduate Studies (Kangas)  
Expulsion Policy Committee (Kline, Malepeai)

Clinical Assistant Professor: Thana Singarajah

Department Mission Statement
The principle mission of the Department of Counseling is to prepare quality counselors for various settings in Idaho and the nation. More specifically, we seek to prepare quality School Counselors for public schools in K-12 settings, Mental Health Counselors for community agencies and other mental health settings, Marriage and Family counselors for agency and community settings, and Student Affairs and College Counselors for working in college settings such as advising and residence hall and career centers. In addition to specific job settings, the faculty believe that it is also our mission to instill a strong sense of professional identity, appreciation of our rich knowledge base and to develop expertise in the skills of counseling with our students. To aid them in becoming certified and/or licensed and in their initial job placement. The Department of Counseling also has a mission within the Kasiska College of Health Professions which is to represent the mental health perspective within KCHP and to consult with KCHP faculty and departments in encouraging a holistic perspective for health care services.

Accomplished Goals
1. CACREP Reaccreditation - All programs accredited
2. Increased Idaho Placement Rate of Doctoral Program Graduates
4. Boise Marriage and Family Counseling major - Major in place for Fall 2002

Committee Membership
Department:
- Admission & Retention Committee (Allen, Astramovich, Crews, Feit, Kleist, Kline, Lloyd)
- Advisor Board (Allen, Astramovich, Crews, Feit, Kleist, Kline Lloyd, Singarajah)
- Clinical Placement Committee (Allen, Crews, Feit, Kleist, Kline, Lloyd, Singarajah)
- Council for Accreditation of Counseling and Related Educational Programs Liaison (Lloyd)
- Curriculum Committee (Allen, Astramovich, Crews, Feit, Kleist, Kline, Lloyd, Singarajah)
- Facilities Committee (Feit)
- Faculty Research & Writing Review Committee (Lloyd, Kline)
- Faculty Selection/Promotion/Tenure (Allen, Astramovich, Crews, Feit, Kleist, Kline, Lloyd, Singarajah)
- Family Centered Practice Committee (Allen, Kleist)
- Graduate Studies Committee (Allen, Astramovich, Crews, Feit, Kleist, Kline, Lloyd, Singarajah)
- ISU Library Committee (Lloyd)
- Multicultural Committee (Astramovich, Crews, Lloyd, Singarajah)
- National Board for Certified Liaison (Allen)
- Public Relations Committee (Kleist, Singarajah)
- Scholarship/Kasiska Committee (Allen, Astramovich, Crews, Feit, Kleist, Kline, Lloyd, Singarajah)
- Technology Committee (Allen, Astramovich, Crews, Feit, Kleist, Kline, Lloyd, Singarajah)
- Telehealth Grant Committee (Allen)

College:
- Acting Associate Dean (Allen)
- Alumni Awards Committee (Feit)
- Appeals Committee (Kleist, Kline)
- Curriculum Committee (Kleist)
- Dean’s Council (Allen)
- Faculty Advisory Committee (Astramovich)
- Promotion and Tenure Committee (Kline, Lloyd)
- Research and Development Committee (Crews, Kleist)
- Search Committee, Institute of Rural Health (Allen)
- Scholarship Committee (Singarajah)

University:
- ADA Assessment Appeals (Allen)
- ASISU Organizations Committee (Lloyd)
- Graduate Council, KCHP Alternate (Kleist)
Graduate Faculty Representatives
ISU International Recruitment and Retention Task Force (Lloyd)
PSUB Advisory Council (Allen)
Research Coordinating Council (Kleist)
Telehealth Grant (Allen)

Professional Presentations
Local:
Idaho Job Service, Idaho Department of Labor (Astramovich)
ISU Phi Omicron Chi Chapter of Chi Sigma Iota (Astramovich)
ISU Professional Development Workshop 2001 Series, Pocatello (Astramovich, Crews, Singarajah)

State:
ISU Professional Development Workshop 2001 Series (Astramovich, Crews, Singarajah)
Idaho Counseling Association Annual 2001 Conference (Astramovich, Crews)

National/International:
American Counseling Association 2001 World Conference (Crews, Feit, Kline)

Assistant Professors: Tara Johnson, Carole Kawamura
Instructors: Jacqueline Freudenthal
Associate Clinical Professor: Gretchen Hess
Assistant Clinical Professors: Kim Ellis, Meg Long, Jann Zollinger
Clinical Instructor: Camille Biorn

Mission Statement

The primary mission of the Department of Dental Hygiene at Idaho State University is to:

$\quad$ facilitate the development of professional dental hygienists who possess the knowledge, values, ethics and skills that will enable them to render quality dental hygiene care to clients and the community;

$\quad$ contribute to the science of dental hygiene and the advancement of dental health knowledge through applied research;

$\quad$ promote the health and well being of the public through community service.

Accomplished Goals

1. 100% student success rate on written National Board exam.
2. 100% student success rate on regional clinical and anesthesia examinations.
3. 100% student success rate for those who took a restorative exam offered in Washington State.
4. Completed document outlining competencies for Idaho State University Dental Hygiene graduates.
5. Hosted a successful all-class (40-year) dental hygiene reunion in conjunction with ISU’s Centennial Celebration.
6. Provided continuing education in local anesthesia for practicing hygienists.
7. Implemented new admissions criteria to incorporate a manual dexterity activity. In collaboration with the Department of English and the Center for Teaching and Learning, a written critical thinking exercise was developed and implemented.
8. Participated in several workshops to assist with preparation of the self-student for an upcoming accreditation site visit.
9. Prepared and received University approval of a Notice of Intent to develop a Master of Science degree in Dental Hygiene.
10. Numerous faculty gave invited presentations at national and regional professional meetings.

Committee Membership

Departmental Committees:
  Academic Standards & Requirements (Biorn, Calley, Ellis, Freudenthal, Hess, Johnson, Kawamura, Hodges, Long, Zollinger)
  Admissions (Freudenthal, Herzog, Johnson, Kawamura, Rogo)
  All-Class Reunion (all faculty)
  Alumni Phonathon Fund Drive (Bowen, Freudenthal, Herzog, Kawamura)
  Anesthesia Mock Board (Calley, Herzog, Paarmann, Zollinger)
  Clinical Coordinators (Hodges, Kawamura, Paarmann)
  Clinical Curriculum (Calley, Kawamura, Hodges)
  Executive (Herzog, Hodges, Paarmann)
  Faculty Development (Calley, Christie, Freudenthal, Hodges, Rogo)
  Faculty and Staff Recruitment (Herzog, Hodges, Paarmann)
  ISU Health Fair (Bowen, Calley, Christie, Freudenthal, Hodges, Long)
Mock Board Examining (Biorn, Calley, Ellis Freudenthal, Hess, Johnson, Hodges, Long, Zollinger)
OSHA (Johnson, Kawamura, Hodges)
Outcomes Assessment (Bowen, Calley, Christie, Freudenthal, Herzog)
Program Development (Bowen, Calley, Christie, Freudenthal, Herzog)
Promotion and Tenure Committee (Bowen, Calley, Christie, Freudenthal, Hess, Herzog, Hodges, Johnson, Kawamura, Long, Paarmann, Rogo, Zollinger)
Public Relations (Herzog, Hodges, Paarmann, Rogo)
Scholarship (Herzog, Christie)
Strategic Planning (Bowen, Calley, Christie, Freudenthal, Herzog, Johnson, Kawamura, Hodges, Paarmann, Rogo)
Student Relations (Bowen, Calley, Christie, Freudenthal)
SADHA Advisor (Calley)
Junior Class Advisor (Kawamura)
Senior Class Advisor (Hodges)

College Committees:
- Clinical Faculty Promotion and Tenure (Long)
- Curriculum Committee (Rogo)
- Idaho Conference on Health Care (Johnson)
- Faculty Affairs (Freudenthal)
- Promotion and Tenure Committee (Bowen, Rogo)
- Research Committee (Johnson)
- Scholarship Committee (Christie, Herzog)
- Scholastic Appeals (Paarmann)
- Strategic Planning (Herzog)

University Committees:
- Ad Hoc Promotion and Tenure Advisory Committee (Rogo)
- Arts and Sciences Dean's Search (Hodges)
- Centennial Task Force (Bowen, Christie, Paarmann)
- Distinguished Teacher Selection (Paarmann)
- Early Learning Center Advisory Board (Hodges)
- Faculty Centennial Symposium (Bowen, Christie, Paarmann)
- Faculty Research (Calley)
- Financial Aid Appeals (Bowen, Calley)
- HIV Recommendations (Hodges)
- Radiation Safety and Scholarship Committees (Herzog)
- Scholarship (Herzog)
- Undergraduate Research (Calley)

Professional Presentations

Local:
- ISU Clinical Presentations (Biorn, Calley, Ellis, Freudenthal, Hess, Hodges, Long, Zollinger)
- ISU Faculty Development Workshop (Hodges, Johnson, Kawamura)
- Expanded Functions Calibration Workshop (Paarmann)
- ISU Panel Member, Freshman Seminar Class (Paarmann)
- ISU Centennial (Faculty and Staff)
- Book Festival (Paarmann)
- Portneuf Valley Dental Hygiene Society (Calley, Hodges)

State:
- ACE Dental Hygiene Society (Johnson, Paarmann)
- College of Southern Idaho (Herzog, Paarmann)
- ISU Day at the Capital (Freudenthal)
- Idaho Oral Health Summit (Calley, author)

Regional:
- Montana Dental Hygienists—Association (Herzog, Paarmann)
- Continuing Education for Dental Hygiene Practitioners (Herzog, Paarmann)
- Western Regional Examining Board Educator's Forum (Hess)

National:
- American Dental Hygienists—Association (Calley)
- American Dental Association (Hess, Paarmann)
- American Association of Dental Examiners (Hess, Paarmann)
- American Dental Education Association (Herzog, Hodges, Paarmann, Rogo)
Summer Research Institute for Dental Hygienists, Physical Therapists, and Occupational Therapists (Bowen)
Evidence-Based Workshop (Bowen)

**Grants Awarded**

Private Funding: Trinity Springs, Ltd., $15,800

**Professional Service**

Faculty provided professional and community service at the following sites:

**University/local**
- Children's Dental Health Fair (Ellis Freudenthal, Calley, Hess, Herzog, Hodges, Johnson, Kawamura, Long, Paarmann, Rogo, Zollinger)
- Committee to Revise the Dental Assisting Curriculum (Herzog)
- Edahow School fifth grade oral health visit (Freudenthal, Calley, Kawamura, Long, Rogo)
- Education Liaison between ADHA and IDHA (Herzog)
- Grace Lutheran School oral health visit (Calley)
- Halloween Dental Care Products Events (Freudenthal, Long)
- ISU Advising Day at BYU Idaho (Herzog)
- ISU Day at the Capital (Freudenthal)
- ISU Health Fair (Christie, Freudenthal, Hess, Kawamura, Hodges, Long)
- ISU Phonathon (Bowen, Freudenthal, Herzog, Kawamura)
- ISU Program Update, Articles for IDHA-s-newsletter (Herzog)
- ISU Student Research Presentations (Rogo)
- Marshall Public Library Book Babies (Long)
- Boy Scouts (Herzog)
- St. Anthony School (Freudenthal, Long)
- Student American Dental Hygienists—Association Advisor (Calley)
- American Business Womens—Association (Long)
- Cub Scout Den Leader (Hodges)
- Portneuf Valley Dental Hygiene Society (Freudenthal)
- Student Recruitment, University of Idaho (Rogo)
- Bannock Regional Medical Center Teddy Bear Clinic (Bowen, Johnson)
- Headstart Dental Sealant Program (Bowen, Calley, Freudenthal, Herzog, Johnson, Long, Paarmann)
- ISU Soccer Team Mouthguard Project (Christie, Paarmann)

**State/regional**
- Idaho Oral Health Alliance (Calley, Herzog, Hodges, Johnson, Rogo)
- IDHA Practice and Regulation Committee (Calley, Hodges)
- Western Regional Examining Board (Hess, Johnson)
- Idaho State Board of Dentistry (Johnson)
- Idaho Dental Hygienists—Association Mentor Program Coordinator (Freudenthal)
- Western Regional Executive Board Restorative Committee (Paarmann)

**National/international**
- AADE Representative, National Dental Tobacco-Free Steering Committee (Hess)
- American Dental Education Association (Christie, Herzog, Hodges, Paarmann)
- American Dental Hygienists—Association Council on Education (Calley)
- National Center for Dental Hygiene Research (Bowen)
- Editorial Board Compendium of Continuing Education in Oral Hygiene (Bowen)

**Special Accomplishments**

**Department:**

The Dental Hygiene Department continues to be a nationally recognized program for its excellence. Evidence of this is apparent by the high student performance on national clinical and written board examinations as well as faculty professional involvement at local, state, regional, and national levels. Faculty continue to be invited presenters and committee members at all levels.
The department received approval from the University to develop a Master of Science degree in Dental Hygiene. Final approval and funding by the State Board of Education is pending.

Faculty:
Kristin Calley and Carole Kawamura were both awarded the Idaho Dental Hygienists—Association Achievement Award.

Ellen Rogo was awarded a sabbatical leave.

Student:
This year's performance on the National Dental Hygiene Board Examination was once again outstanding with a 100% pass rate on the first attempt. This past year ISU students ranked #17 among 254 dental hygiene schools. National data indicate that Idaho State University students—performance on the National Dental Hygiene Board Examination has been consistently ranked in the top 10% of the United States. Results of the Western Regional Examining Board (WREB) examination were also excellent. All students passed the clinical WREB exam, and 100% of the graduates passed both the WREB written and clinical local anesthesia examinations on the first attempt. One hundred percent of those students who chose to take the restorative examination passed. Idaho State University students continue to be highly ranked among participants from the eleven states involved in the WREB examination.

Additionally several students were invited to present table clinics at the Idaho Dental Hygienists—Association annual research session. A senior student, Gail Tuller, was elected by dental hygiene students from District XII (six states) to represent them at the American Dental Hygienists—Association Conference in Beverly Hills, CA.
Faculty

Chair and Associate Professor: Friedrichsen
Professors: Spall, Stephens
Instructors: Nielsen, Hiller, Pedersen

Department Mission

The Mission of the Department of Dental Sciences (DDS) is twofold:

The Mission of the Idaho Dental Education Program (IDEP) is to provide Idaho residents with access to a quality dental education.

The Mission of the Idaho Advanced General Dentistry Program (IAGD) is to provide an outstanding educational experience employing patient-centered dental services focused on underserved individuals coupled with service to the community and profession. Residents completing the program are expected to advance their knowledge, skills and experience beyond that obtained in the pre-doctoral curriculum and develop a sense of personal responsibility for continued learning and constantly advancing clinical skills while providing caring, competent services to their patients.

Committee Membership

Departmental:
- IDEP Admissions Committee (Friedrichsen)
- Recognition Committee (Spall)
- Faculty Sponsor, AGSB (Spall)
- Promotion Committee (Spall)

College:
- P/T Committees (Spall)
- Health Education graduate departmental program review team (Spall)

University:
- ISU Dental Lab Technology Lab Advisory Committee (Friedrichsen)
- ISU Dental Assisting Program Advisory Committee (Friedrichsen)
- University Faculty Ombudsman (Spall)
- University Research Committee (Spall)
- Faculty Sponsor, College Democrats (Spall)
- Distinguished Teacher Committee (Stephens)
- GFR on several examining committees (Stephens)

Special accomplishments/awards

The track record of the IDEP students once they reach Creighton continues to demonstrate that the preparation at ISU is superb. In the 2002 graduating class 3 of the 7 IDEP Students were in the top 17% of the class. The IDEP students were honored with fourteen of the awards at the honors convocation. Three of the nine inductees into the National Dental Honor Society (OKU) were IDEP students

Department Mission Statement  

The mission of the Idaho State University Family Practice Residency Program is to provide a collegial learning environment in which residents become mature, competent, compassionate family physicians. The Residency will provide comprehensive training in a broad range of practice settings with an emphasis on the care of under-served populations in Idaho and the Intermountain West. The Program is committed to clinical excellence, academic productivity, fiscal responsibility, and service to our supporting institutions and the community.  

Accomplished Goals  

The ISU Family Practice Residency Program provides opportunities for residents to train for the full breadth of family medicine, preparing residents to practice in a wide range of settings. The ISU Program was established in 1992, and has graduated 35 physicians. Graduates this year include: Luis M. Fernandez, Jarid D. Gray, Eric Ryan Lamb, Donald Robert Rose, Jr. The residency employed 15 full-and-part-time faculty this year. The ISU Program received direct support from the State of Idaho, and funding through a variety of grants. The program does not receive Washington State capitalization.

**Professor and Chair:** Robert Weppner  
**Associate Professor:** Carla Wiggins  
**Assistant Professor:** Sheila McGinnis

**Mission**

To provide high quality health care administration education that is responsive to the needs of the students in Idaho and surrounding states, to conduct health services research and to provide service to the community.

**Program Objectives**

The following mission, goals and objectives of the undergraduate program in Health Care Administration are presented within the context of the role and mission of Idaho State University.

ISU is the center for education in the health professions and is the only university in the Idaho higher education system that is authorized to provide new programs in the health professions.

The undergraduate program in Health Care Administration HCA is a sequence of required and elective courses that proceed from the general to the more specialized. Students at ISU must first complete the courses that satisfy the educational goals of the University before they enroll in more specialized courses. Courses in the College of Business are completed before students are eligible for the more advanced HCA courses. By assuring that the students have a broad general education background before allowing them to enroll in specialized HCA courses, we are maximizing the probability that they will be prepared for advanced study.

**Accomplished Goals**

Provided a high quality health care administration education to both part-time and full-time undergraduate students and practicing health professionals and managers.

Conducted health services research and participated in other scholarly activities.

Served the University, community and profession through various activities.

**Committee Membership**

**Departmental**
- Curriculum liaison (Wiggins)  
- HCA Director of Graduate Studies (Wiggins)  
- HCA Scholarship Committee (McGinnis)

Department Mission Statement
The mission of the Idaho State University Department of Health and Nutrition Sciences is twofold. The primary responsibility is to educate students through didactic and practical experience in the fields of health education, wellness, and nutrition. The goal is to prepare students who will be adaptable and flexible in understanding and interpreting the complex problems and situations encountered by the trained health professional. A second, but no less important function, is to provide ongoing resources, services, and training for citizens at the local, state, regional, and national levels in the areas of health education and nutrition.

Accomplished Goals
- Council on Education for Public Health (CEPH) site visit for MPH Program - April, 2002.
- Health Education minor approved.
- Health Education Substance Abuse Prevention option (undergraduate) approved.
- Health Education undergraduate/graduate professional organization created.
- Computer updates for several HNS faculty.
- MHE/MPH student handbooks updated.

Faculty

Director and Associate Professor: Beth Hudnall Stamm (through March 31, 2002)
Director and Professor: Neill F. Piland (beginning April 1, 2002)
Associate Professor: Swamy Laxminarayan
Assistant Professor: Colette Evans
Affiliate Faculty: Joca Badten, Elizabeth Cartwright, Alice Franks, Sarah Leeds, Paulette Running-Wolf, Peter Vik
Doctoral Fellows: Heather K. Conley, Renee Galliher, Ammar Halawa
Graduate Student Researchers: John Ahedor, Lindsey Guderjahn, Mandy Mathewson
Undergraduate Student Researchers: Kate Cottingham, Kelly Davis, Andy Elkin, Jared Hobbs, Terresa Knox, Laura West, Seth Winters
Five Feathers Research Staff: Alta Appenay, Jo Dawn Cavanaugh, Eric Johnsen, Amy Johnson, Desmond Weiser
Idaho Community Health Corps Members: Heidi Ayers, Dean Byington, Joel Forrester, Holly Grant, Silvia Herrera, Malia Howell, Sharoz Knabir, Karin Ramirez, Heather Schaper, Spencer Smyth, Aleida Solis, Edelmira Torres, Patricia Torres, Rachel Wolfe
Project Coordinators: Barbara J. Cunningham, Kenny Cutler, Debbie Dahlquist
Administrative Staff: Angalynn Bishop, Jana Bodily-Roan, Sherri Jimenez, Sally A. Kreilach, Donna Parker, Paul Ruggiero

Department Mission Statement
The mission of the Institute of Rural Health is to improve the health of rural communities in Idaho and the Intermountain Region, as well as throughout the Nation and the World through research, education, and service.

Accomplished Goals
Hired new director, Dr. Neill F. Piland.
Retired old debts accrued from the 1990s.
Expanded Boise office physical space from one to four offices, added graduate and undergraduate students employees, and one full time support staff.
Added employee in Lewiston.
Worked with Tribes to continue funding of the Five Feathers Healthy Families Program.
Affiliate faculty relationship with Dr. Alice Franks, Dir. of Shoshone Bannock Tribes Family and Children’s Services.
Interagency Personnel Agreement to allow IRH doctoral fellow to provide clinical care at the Shoshone Bannock Tribes Family and Children’s Services.
Secured major new grants this year, expanded annual budget by 25%.
Expanded staff from, 36 to 54 rearranged positions including research faculty, program staff, and support staff.

Department of Nursing
2001-2002 Annual Report

Faculty

Chairperson and Associate Professor: Ronald Mitchell
Associate Chairperson: Carol Ashton, Graduate, Diana McLaughlin, Undergraduate
Professors: Pamela Clark, Karen Hayward, Roberta Hyde, Kris Robinson
Associate Professors: Cathy Arvidson, Carol Ashton, Grace Jacobson, Sharon Job, Jackie McRoberts, Alyce Sato
Assistant Professors: Bobbie Branch, Ronald Drake, Karen Gonzol, Beverly Hewett, Diane Kempsm, Diana McLaughlin, Nancy Renn, Mary Ann Reynolds, Susan Steiner
Clinical Assistant Professors: Corlene Eberle, Linda Kochniuk, Rita Miller, Christine Mladenka, Virginia Murphy, Judith Nagel, Kathleen Olson
Learning Resource Coordinator: Beverly Hewett
Graduate Teaching Assistants: Lois Marquette

Mission Statement

The Department of Nursing is committed to excellence in teaching, research, and practice to provide quality nursing education for beginning professional practitioners and for advanced practice nurses statewide. To accomplish this mission, faculty members support a liberal arts education to provide the foundation for the arts, humanities, and science of nursing. The faculty incorporates creativity in the teaching-learning process and continuous quality improvement in curriculum and program development. The goal of the Department of Nursing is to develop professional and advanced practice nurses with broad based knowledge and experience to facilitate or to deliver holistic health care to clients over the lifespan and to communities with an emphasis on underserved areas.

Accomplished Goals

Expanded the graduate program to Idaho Falls starting Fall 2002.

Department Mission Statement

The educational mission of the Department of Physical and Occupational Therapy is to develop graduate students in respective clinical health care professions who are able to competently assume roles as entry level practitioners in both rural and urban practice settings under the ever changing health delivery system in Idaho and elsewhere. Inclusive of the mission, the departmental faculty are focused on providing an excellent learning environment for students through the development of a cohesive interdisciplinary curriculum, the pursuit of research and scholarly activity, encouraging diversity in student learning experiences, emulating ethical professional conduct, and being instrumental in the dissemination of current concepts and skills to the clinical and professional community in the state and region.

Accomplished Goals

Program development:
1. Received approval from the the Idaho State Board of Education and the Commission on Accreditation in Physical Therapy Education for of the Doctor of Physical Therapy degree program with the first class of students being admitted in the fall of 2002.  
2. Have met with Boise Elks Rehabilitation and Boise State University to discuss proposal for program expansion to Boise with both the PT and OT programs.  
3. Received approval for the 3 plus 3 curriculum for the OT program via the BUS degree.  
4. Continue to Monitor the implementation of the Strategic Plan in line with departmental changes.  
5. Enhanced recruiting efforts to increase enrollments for both OT and PT programs. OT enrollment for the Fall of 2002 have increased by 7 students and PT has a full compliment of 24.  
6. Continued to fund the IOTA Executive Director for another year

Faculty Development:
1. Successfully hired Reed Humphrey PT., PhD and Kelly Thompson. MOT/L MS. to replace faculty vacancies for the fall. Faculty shifts have taken place to meet the needs of the department in clinical supervision arenas which include shifting Kim Clearly into a higher teaching role and hiring Deanna Dye to accept the ACCE responsibilities.  
2. Enhance lines of research for all faculty towards independent leadership of programs for student scholarly activity involvement.

Facility Development:
1. Completed multi-media capacity for three teaching rooms/laboratories and provide in service to faculty on appropriate use of equipment.  
2. Converted space for a clinic OT evaluation room/faculty consult room.

  Assistant Professor, Academic Coordinator: Kent Whitaker
  Instructor: Terri Jones

Department Missions Statement

The mission of the Idaho State University Physician Assistant Program is to:
  Curriculum: Provide a quality graduate medical education that emphasizes critical thinking and problem solving, is technologically enhanced, research oriented, and evidence-based, with strength in both the basic and clinical medical sciences.
  Students: Seek a culturally, ethnically, and socially diverse student body which will demonstrate the finest attributes of professional health care practitioners, including intellectual curiosity, insight, maturity, ethical behavior, critical thinking, empathy, strong interpersonal skills, a service orientation, and a commitment to evidence-based practice, research and life-long learning.
  Faculty: Employ, develop and maintain outstanding faculty who are appropriate in expertise and number to the needs of the program, represent the diversity of the nation, are student-centered and committed to the educational needs of the students as well as excellence in teaching, scholarly research, service, and continuing clinical competence.
  Affiliations: Establish and maintain, for the educational benefit of program students, clinical, educational, and other relationships with the medical community and other individuals and organizations that seek to enhance health care to rural and other medically underserved populations of the State, region, and beyond.
  Service: Nurture in students a sensitivity to the needs of others and a desire and willingness to provide service of the highest quality, in the most caring manner, to all people, especially to those individuals and groups that are medically underserved, regardless of biological, social, political, economic, religious, or other status.

Accomplished Goals
  a. All courses in the undergraduate bulletin with the designation PAS (Physician Assistant Studies) for the first and second years of the PA program curriculum were offered. These constitute 88 credits hours of course work.
  b. The master’s-curriculum was completed, approved at the University level and by the SBOE.
  c. The master’s-courses were approved by the Graduate Council
  d. The Clinical Year Manual was rewritten
  e. The Academic Year Manual was rewritten
  f. Computer based education was implemented in the clinical and academic years
  g. All faculty participated in faculty development
  h. All faculty participated in continuing medical education
  i. Evaluation tools were initiated for self study and accreditation purposes.

Department of Radiographic Science  
2000-2001 Annual Report

Faculty

Chairperson and Associate Professor: Chuck Francis  
Assistant Professor: Gwen Wawers  
Instructor: Dan Hobbs

Department Mission Statement

The mission or purpose of the radiographic science program at Idaho State University is to provide education in radiographic science to residents of Idaho and elsewhere that will prepare those students for certification by the American Registry of Radiologic Technologists (ARRT) and subsequent employment in the healthcare industry as a radiographer.

Accomplished Goals

The program has continued to recruit excellent students and the number of applicants has increased substantially as well.  
Computed radiography was integrated into the curriculum during the spring semester 2002.

Professional Service

University/Local:  
Freshman Registration, ISU, April 2002 (Francis, Wawers)  
Science Trek 2002, April 19, 2002, mentor (Francis)  
Faculty Advisor to ISU Society of Student Radiologic Technologists (Hobbs)

State/Regional:  
Webmaster for ISRT (Hobbs)

National/International:  
Book review, Harcourt Health Sciences, Ehrlich’s 6th edition “Patient Care in Radiography.” (Francis)  
Member ASRT Committee on Nominations (Wawers)
Professional Organizations

ACERT, All 3 program faculty are active in this regional/national professional society of educators in the radiographic sciences.

ASRT, G Wawers is an active member in this national society.

ISRT, All faculty are members in this statewide society.

SEISRT, A faculty member usually attends meetings of this local society when it is active.

Special Accomplishments/Awards

Department:
A complete computed radiography system was installed in the radiographic science lab in January 2002. The equipment is up and running and 2 faculty (Francis, Hobbs) were trained on the equipment by AGFA representatives the week before spring classes started. Junior students have now had an entire semester of experience using this new "state-of-the-art" equipment.

Faculty:
Dan Hobbs was inducted into the Alpha Beta Gamma Honor Society at Midwestern State University in Wichita Falls, Texas.

Students:
Owen D. Bartschi, a senior, won the 2nd place student paper award at the 27th Annual Meeting of the Association of Collegiate Educators in Radiologic Technology (ACERT) in February 2002 in Las Vegas, NV. His paper was entitled Vertebroplasty and Kyphoplasty: Minimally Invasive Procedures for Pain Management of Osteoporotic Vertebral Fractures.

Sabbatical Leave Report
Carole Christie
Department of Dental Hygiene

Period of Leave: August, 2000 - May, 2001

The expected goals or outcomes of my sabbatical leave were:
To strengthen graduates’ professional behavior by enhancing the integration of ethical concepts throughout the dental hygiene curriculum.

1. To define competencies and competency evaluation criteria for Ethics and Professionalism that will be in compliance with the American Dental Association Commission on Dental Accreditation.

2. To develop a model for teaching the principles of ethical reasoning and professional responsibility as they pertain to the provision and/or support of oral health care services.

3. To disseminate information about the proposed ethical model by presenting the results at an educational session at the Annual Session of the American Dental Educators Association (ADEA) and by submitting a manuscript to a professional journal for publication.

During the early days of the sabbatical, I conducted a study to assess the current style of incorporating ethical reasoning and professional responsibility throughout the ISU Department of Dental Hygiene curriculum. This project was the first of several ongoing stages of a major curriculum revision incorporating the newly-developed Ethical Reasoning and Responsibility Model that will be implemented throughout multiple aspects of the dental hygiene curriculum to ensure the integration of ethical reasoning and professional behavior.

Competencies defining ethical responsibilities and professional behavior were developed, edited, and ultimately agreed upon by dental hygiene faculty. Additionally, I surveyed junior and senior dental hygiene students to determine their attitudes about dental hygiene practice as it relates to the newly-defined competencies and core values.

In partial fulfillment of Goals #1 and #3 above, I will be presenting a faculty development workshop in the fall 2002 to standardize faculty on implementation of the ethical reasoning and professional behavior model. The workshop will be offered to ISU dental hygiene faculty to assist them with the promotion of all elements of the professional ethics curriculum. Also in the fall, I will be submitting an article to the Journal of Dental Education, and in the spring 2003 presenting a portion of the project at the ADEA Annual Session.

I wish to thank the dental hygiene faculty for their support and assistance during my sabbatical leave. My undying thanks to Carlene Paarmann and Denise Bowen for taking a special interest in the project and their willingness to continue to be involved in the future stages of this project.
The purpose of my sabbatical was to examine accredited counseling programs–use of live supervision (i.e., supervisor observing ongoing counseling session behind one-way mirror) in their marriage and family counseling program. As I recently completed the task of creating a marriage and family counseling program here at ISU, I wanted to compare our use of live supervision with other respected programs around the country.

I visited the campuses of the University of South Carolina and Southern Illinois University. During my visits I interviewed faculty and students involved with the live supervision experience to learn their perspectives on strengths and weaknesses of live supervision. I was also able to be a ‘guest’ observer during actual live supervision experiences to better learn their process of conducting live supervision. Due to budget constraints I was unable to visit the University of Wyoming but was able to speak to faculty and students via email about their experiences of live supervision.

My sabbatical experience allowed me to conclude that no one ‘correct’ way of successful live supervision exists. Differences were present across all universities with the implementation of live supervision; however, similarities existed in terms of the purpose of live supervision. What was impressive, I must add, were the facilities at Southern Illinois University that provided ample clinic rooms, with the necessary wiring for sound and video. So much so, in fact, that they are able to run a mental health clinic for the public that has been a successful contributor to community mental health care for over 20 years.

In short, my experience was invaluable. It has helped me to feel confident about the quality of live supervision that we provide here in the Department of Counseling. Thank you for providing me with their experience.
Sabbatical Leave Report  
Virginia B. Allen  
Acting Associate Dean, KCHP  
Professor, Department of Counseling

Please consider the following as a brief report of my activities during my sabbatical leave Spring Semester 2001:

My sabbatical was spent entirely on campus filling the job of the Associate Dean of the Kasiska College of Health Professions while he was on sabbatical. I choose to undertake the administrative sabbatical to enhance my understanding of the working of the college and the university from a Dean’s perspective and to have the opportunity to view administration from a position other than a department chair.

During my sabbatical I attended President’s staff meetings, Dean’s Council meetings, architectural meetings regarding the Renaissance Building, recruitment and advising meetings, KCHP Chair’s meetings and other activities as assigned by the Dean of KCHP. The meetings at times did seem endless but looking back I clarified several things: 1) meetings are a necessary evil and one of the best ways to include people in running the university, 2) some meetings are unnecessary and unorganized, and 3) valuable information is shared and processed at meetings sometimes the ones you actually attend!

Another part of the job was learning the different requirements of the departments in the college. This also included dealing with student petitions and becoming familiar with the world of undergraduates something totally foreign for a professor that has taught at the graduate level for 20 years.

Perhaps the biggest thing I learned was that the university appears to faculty, staff and sometimes department chairs to make decisions based on anything but a good reason. While I suspect this is true occasionally, I learned that understanding decision making really can only be appreciated at the Dean’s level or above in administration. The faculty and chairs are naive when it comes to an understanding of why the university does what it does. Better communication from the top down would help to solve this problem, administrators keeping their fingers in teaching and advising would help them appreciate the role, responsibilities and perspectives of the faculty. Ultimately though, administrators make decisions and others work by them. That is the way in private business and at a university.

Overall I enjoyed my sabbatical and feel I learned many valuable lessons and gained many valuable insights. Perhaps my next sabbatical will learning about administration at a university in-say Hawaii.
Sabbatical Leave Report
Kathleen M. Alexander, MS, PT, OCS
Department of Physical and Occupational Therapy

I was granted a sabbatical leave for the Spring semester, 2002. My plan was to develop a manual for the care of patients with chronic pain. This would be used as an education tool for patients, and as a guide for patient education for physical therapy students.

The first draft of the manual is complete. I will continue to edit the draft during the summer and fall, 2002. The editing process involves both my own personal review and revision. I have also distributed the first draft to several patients and health care professionals who have agreed to provide feedback.

At this time I have two goals for the future of this manual. First I would like to complete outcome-based clinical research on the use of the manual format compared to traditional physical therapy patient education. I also plan to compare the efficacy of several of the therapeutic interventions outlined in the manual to conventional therapeutic interventions. I intend to perform this research in the ISU Physical and Occupational Therapy Associates clinic. I will include ISU Physical Therapy students in portions of this research.

Second, I would like to continue to edit the manual based on feedback from patients, students and faculty over the next year. Then I intend to pursue publication of the manual.

The sabbatical leave has been an exceptionally rewarding experience. I have written the manual which I hope will help many patients and students. During the research and writing process I have explored topics that I would not have had the time to explore otherwise, such as theories of behavior and behavioral change. I have also relaxed, and become refreshed and energized. I look forward to implementing my ideas in my teaching and in the clinic.
