Recent discoveries not only add to the bushiness of the human family tree, but indicate several of its branches have persisted into the very recent past -- or perhaps into the very present. Are we the last hominin standing? Or could there be others -- known to the indigenous peoples by such names as sasquatch, yeti, almasty, orang pendek, yeren, ebu gogo -- yet having evaded scientific acknowledgement? As this question attracts growing attention, this conference provides a venue for a gathering of noted international scholars and investigators to share and discuss the evidence for and the implications of the existence relict hominoids around the globe.

Join our esteemed panel in discussing this highly controversial topic. Daily conference gatherings as well as first class dining and wildlife experiences.

$6,495.00 US Dollars (per person based on double occupancy)

Package price includes conference, lodging, airfare from JFK to JNB round trip, plus flights in Africa, photo safaris, meals, transfers, conference DVD, t-shirt and hat as well as a copy of Dr. Jeff Meldrum’s book “Sasquatch-Legend Meets Science”.

*Conference will be filmed by Johnny & Friends Films, LLC. Each conference attendee will receive a complimentary copy*
You will be enjoying the comforts and amenities of The Heritage Lodge & The Game Lodge, both located on the 5000 acre Zulu Nyala Game Reserve in the KwaZulu Natal region of South Africa.

The Heritage Safari Lodge & Hemingway Tented Camp was originally built in the 1940’s as a hotel, and was a landmark pit-stop for weary travellers between Lourenço Marques and Durban. Acquired in 1996, the gracious building was lovingly restored to its original colonial grandeur, enhanced with new accommodation, and tastefully themed to highlight Zululand’s unique cultural development.

An entrancing experience in a unique wilderness area, Zulu Nyala Private Game Reserve provides a unique bush experience in the heart of one of South Africa’s most diverse conservation regions. Nestled between the wilderness reserves of Mkuze, Hluhluwe and St Lucia; this lush stretch of paradise is home to a wide variety of game, from the elephant to rhino, buffalo, hippo, giraffe, the shy Nyala buck and the secretive leopard.
2016 World Conference on Relict Hominoids  
KwaZulu-Natal, South Africa
