OUT-OF-STATE SCHOLAR NON-RESIDENT TUITION WAIVERS

MINIMUM CRITERIA THAT MUST BE MET FOR RENEWAL:

- Must register for and successfully complete full-time credits (at least 12 credits each semester). If at the end of an academic year, 24 credits were not passed, the NRTW will be cancelled. Please keep in mind that students who repeat courses should consider taking additional credits in order to meet the full-time credit requirement. Please note that repeated courses will not count toward meeting minimum credit requirements.
- Must maintain a minimum cumulative ISU GPA of 2.5. If at the end of an academic year, the required GPA is not met, the NRTW will be cancelled.
- Must be a degree-seeking undergraduate student
- May not change majors to one that is “oversubscribed”. Students in the Non-traditional Pharmacy Program (and other oversubscribed programs) are not eligible for any non-resident tuition waivers. For a full list of oversubscribed programs, please consult with the Scholarship Office.
- NRTWs are awarded for 4 years (8 semesters). If an extension is needed, please contact the Scholarship Office to complete an extension request form. Extensions requests are reviewed on a case-by-case basis and must include appropriate documentation.

IMPORTANT NOTE: If a student has a deficiency (credits or GPA), we typically allow them the summer to make up the deficiency. If you are a scholarship recipient who may be in jeopardy of not meeting minimum criteria for your scholarship, please contact the Scholarship Office to inquire about the consequences and your options.
